L. G. or Mrs. Hannah Hankled

Yis with pleasure I received your
most welcome letter but somewhat
surprised to here you have my
sweet little Lina not knowing that
her aunt had discarded my dear
child when she promised me
to help me take care of those
low children I have hope them to
many & cloths as far as I was
able for I hafter work for
wages by the week to get an
honest living I am truly glad
that my dear child has fell
in your hands but it was
very unexpected to me to here
how she has been treated till
Lina to be a good girl that
she will see her some day
but I think she is in good

hands now. I feel myself
under many obligations &
good wishes towards you
& your wife for the kind-
ness that you have shown
me and my child I havent
heard from her since last
June I have wrote to her
aunt but they never have
answered any of my letters.
Since last June the last
letter I wrote was the middle
of Oct I have been almost
cross to here from my
children I would not have
waited ev this if I could
have got the money to come
to see what had be come
of my children. I think I
have been very badly
treated about my children
they ought to have wrote
& told me that they had gave

My child away. I would
love to have my child
but god wose how I can
get her now I have no
money no means to come
and get her as you have
got her wouidnt you
like to take her as your
own and raise her I
would be very thankful
but if you dont want
her will you be kind
enough to send her to
me for god sake dont
send her to no body else
dont let her go back to S. W.
to stay. the reason why
I had to part with my
children my husban died
and left me with out any
thing it is mighty hard
to part with my children
but poverty has forced

me to do it. would
like to no how my baby
is if you can tell
me please answer this
as soon as you receive
so I will no what your
intentions are and tell me
all of the particulars

Your Respectfully
Mollie Bradley
