Mr S Hankla

Dear Sir

As I have not heard from you in some time I will this rainy evening drop you a few lines by way of variety, We have had a dreadful cold, snowy & very foul and winter, so much so that we can do nothing but make fires and set by them and feed stock, a great many of the farmers have not got done gathering cotton yet, and if the present weather lasts very long it will not Has Mr Bottom payed his rent yet, You wrote me it was due the 1st of Jan.

I have been looking out
for a letter from you for
some time, Have you heard
of any one who wishes to
buy my interest, My wifes
health is better this winter than
it was last winter, able to
be up most of the time, but
the cold winter has been very
hard on her, we have all
been suffering with bad
colds and sore throats, the children
are off at school except the
youngest. Write soon love
to all the relatives

Yours ever
W. A. King
