Dear Sir I received
and answered your letter of July 2^d
some time since, since then have not
heard from you, We have had a fearful
drought through this country and in fact
throughout the entire South, crops have
been cut of at least one half, and in
a great many places there will scarcely
anything be made, every one is getting ready
to sow wheat, I expect Mr Bottom
would like to pay his rent in wheat.
(that is new wheat) if so? I will ~~will~~
take new wheat delivered at Michellsburg
for my part of the rent, at the customary
price up there, please see him and see
what he will do, and if he has not
got the wheat, write me the prospect, for
buying wheat, and what I can get it at
delivered to Michellsburg or at Danville.

I am trying my best to get Uncle
Biv to buy me out up there, he
has at last written to me, says he will
go up there next month and see what
he can do,

Be sure and write to me
about the wheat, what I can get
it raked and delivered at Michelsburg
or Danville for,

My wife came very
near dying last week

Love to all
