Southern Railway.
 Washington, D. C., June 25—
 Four thousand, three hundred and forty-three employees of the Southern Railway System subscribed to the Liberty Loan under the plan outlined by President Fairfax Harrison authorizing payment of subscriptions in twelve equal monthly installments to be deducted from their salaries.
 Comptroller A. H. Plant, chairman of the committee appointed to handle the subscription, gives out the following letter written him by Agent John Duff, Dennington, Va., as illustrative of the loyal feeling of the Country in the present crisis:
 "I herewith attach you application blank for \$100.00 worth of Liberty Bonds. I am only receiving \$52.00 per month for my services, and am too old to join the army, so I will stint my family some and contribute to the call of my country. I do think that every railroad man should contribute to these bonds that cannot give his services. We cannot allow this German Kultur to come here and wreck our homes as they have done Belgium and France. When these are paid for I will contribute more if needed."

CALLED HER FAMILY TO HER BEDSIDE
 Six Years Ago, Thinking She Might Die, Says Texas Lady, But Now She Is a Well, Strong Woman and Prizes Cardui For Her Recovery.

City, Tex.—Mrs. Mary K. Luan, of this place, says: "After the birth of my little girl... my side commenced to hurt me. I had to go back to bed. I called the doctor. He treated me, but I got no better. I got worse and worse until the misery was unbearable... I was in bed for three months and suffered such agony that I was just drawn up in a knot... I told my husband if he would get me a bottle of Cardui I would try it... I commenced taking it, however, that evening I called my family about me... for I knew I could not last many days unless I had a change for the better. That was six years ago and I am still here and am a well, strong woman and I owe my life to Cardui. I had only taken half the bottle when I began to feel better. The misery in my side got less... I continued right on taking the Cardui until I had taken three bottles and I did not need any more for I was well and never felt better in my life... I have never had any trouble from that day to this."
 Do you suffer from headache, toothache, pains in sides, or other ailments, each month? Or do you feel weak, nervous and fagged-out? If so, get a bottle of Cardui, the woman's tonic, a trial.

What Do You Know About Your Blood Supply?
 Your ignorance may startle you. Few people know of the many functions of the blood supply, and just how important it is to the body. It keeps absolutely free from all impurities. The health of the entire body depends upon the condition of the blood. You are invited to write and obtain a booklet that gives you some valuable information on this subject.
 At the home of Mrs. E. E. James and Mrs. T. F. James and children, of Montgomery, Ala., and Mrs. Kate Butler Hillman, of Nashville, Tenn., are guests of Mrs. Sarah P. James.

W. O. Meets, County Clerk, who worked several days for Uncle Sam without pay, as member of Registration Board, is now to be paid for his services. He reports he is pleased by a safe majority.

The electric lighting on full time of weather is a luxury of high cost of living to have it.

Dr. E. A. Chapman and E. C. Kuykendall pointed members of the Draft Board for Butler county to examine those who are on June 5th as to their physical condition.

We have heard of a lot of cats but Dr. Tinger has a pet cat every summer on his front porch as soon as the lights come on until they are taken away by the electric light. The cat catches the flies and the electric light kills them. It would not take five dollars to buy a cat.

Red Cross Officers
A Red Cross Society is organized at a meeting held at the home of Mrs. J. C. Cole, president, Miss Mary Lee Bowles, secretary and Miss M. J. Hatcher, treasurer. \$11.00 has been subscribed to the fund. Meetings will be held in the county building on duty. Every one is to send a helping hand to the work.

Lower Tire Cost Than Ever—NOW

For, in the old days, tires not only cost motorists more per tire, but were also so inferior to the present product, that the fact that the cost per mile was from 50 to 100 or more per cent higher than you may know.

United States Tires—the "Royal", the "Nobby", the "Chain", the "Uco" and the "Plain";

- made for every need of price and use,
- produced by the largest rubber manufacturer in the world,
- produced by the most experienced tire manufacturer in the world,
- produced by a time-tried, exclusive, patented, vulcanizing process,
- produced of only the most carefully selected materials,
- have so far outlasted every other make of tire that
- United States Tires are famous for their mileage-giving qualities—their low cost per mile.

The proof?—the consistent and persistent tremendous sales increases of United States Tires.

United States Tires Are Good Tires

WHY YOU ARE NERVOUS
The nervous system is the astral system of the human body. The perfect health we have is due to the fact that we have a network of nerves. But when health is ebbing, when strength is ebbing, the same nervous system gives the signs in headaches, dizziness, dreamlike sleep, irritability and unless corrected, leads straight to a breakdown.

Correct nervousness, Scott's Emulsion, what you should take; its active principle gets into the blood and the nerves, and they are able to work again. It is the only thing that stays in the blood and the nerves, and it stays there.

B. F. Smith Gone.
Uncle Ben Smith, as he was familiarly known, passed away at his home here at 5 p. m. Tuesday, June 25th. He was one of Butler county's valued citizens. He was a leader in the Baptist church; prominent Mason and Odd Fellow. He had been suffering some time before the end came. He lived a quiet peaceful life of usefulness and will reap a rich reward in the Great Beyond. He will be buried by the Masons and Odd Fellows at 2 p. m. Thursday; funeral services at Union Church.

Sunday, July 1st is to become known as "Food Saving Day." Ministers have received personal letters from the government asking them to preach upon the subject of Food Conservation on this day, July 1st, to the end that it may be made the purpose and motto of every household in America to Save the Waste. Our local ministers have signified a willingness to comply with the government's request and all our people should attend church on this day and learn more of this important message.

At the Churches.
The Revs. Schanzbacher and Davidson each visited their rural churches, finding them with a re-awakened desire for spiritual things. Church and Sabbath School interest at Sugar Grove reviving.

The Rev. Jas. Stewart preached Saturday night at Carve Rock and occupied his Union church pulpit here both morning and night. While our brother Stewart is very easy in his manner, his ministrations never put us to sleep. He spices his discourses;—both this time from Matthew's Gospel.

The C. E. Society rendered a good program, but away behind time at the beginning. The 1st day of July is the Sabbath. At the instance of Herbert C. Hoover, government food commissioner—a Nation-wide movement—a sermon will be preached at The Church on the Hill on Food Conservation. And the night service will begin early and promptly; somehow we have begun to loiter. We have more than usual interest at the mid-week prayer service. Come early Thursday night.

Girls Have Pretty Face And Beautiful Complexion

If your skin is dark, brown, or covered with freckles or blemishes, or just used a little Cocotone Skin Whitener, it's made with coconut oil and is perfect for you. A few days use will improve your looks 100 per cent. The worn-out skin comes off evenly, leaving no evidence of the treatment, the new healthy under-skin appearing as a lovely new complexion.

Just ask your druggist for an ounce of Cocotone Skin Whitener, and if he will not supply you, send twenty-five cents to The Cocotone Co., Atlanta, Ga., and they will send you a box by return mail.

If your hair is hard to comb, is kinky, nappy and will never stay straight, just use Cocotone Hair Dressing and it will become straight, long, soft, glossy and beautiful in a few days. Mail orders filled, 25c for large box.

Cholera Morbus.
This is a very painful and dangerous disease. In almost every neighborhood some one has died from it before medicine could be obtained or a physician summoned. The right way is to have a bottle of Chamberlain's Colic and Diarrhoea Remedy in the house so as to be prepared for it. Mrs. Charles Eycart, Huntington, Ind., writes: "During the summer of 1911 two of my children were taken sick with cholera morbus. Dr. Frederic Incobson says 75 per cent of women need Phosphates to give them Strong, Healthy, rounded figure and to avoid Nervous breakdown.
Thousands of women grow strong in Nature's way.

Consider the Lilies of the Field, How They Grow.
The life of the lily is but a few weeks or months. The life of man is "three score years and ten." Not to live one's life in the fullness of nature, the lily must be nourished by the sun, soil, water, and air. The lily must be nourished by the sun, soil, water, and air. These include the valuable phosphates often lacking in the usual food we eat today. Argo-Phosphate is rich in these wonderful elements. It contains them in concentrated tablet form which is easy to take and quickly assimilated and absorbed into the system, and from youth to old age, builds and rebuilds body and brain in beautiful harmony with Nature's perfect plan. "That's why" Argo-Phosphate makes good soil rich and muscle.

SPECIAL NOTICE: Argo-Phosphate contains the Natural phosphates which thousands of physicians are prescribing daily to build up thin, pale, colorless women to give them rosy cheeks, red lips, and a beautiful complexion. Many cases have been reported where women have increased their weight from 15 to 25 pounds with a few weeks treatment, and any woman who desires a well rounded and developed form, should secure from her druggist, this new drug, which is inexpensive and is dispensed by any reliable druggist with or without doctor's prescription. If your druggist will not supply you, send \$1.00 to the Argo Laboratories, 10 Forsyth St., Atlanta, Ga., and they will send you a two weeks treatment by return mail.
